**Free issue:** <http://journals.berghahnbooks.com/reco/index.php?pg=sample>

### **Call for Submissions**

The Consortium for Comparative Research on Regional Integration and Social Cohesion (RISC) is proud to present its new journal *Regions & Cohesion* which is available on paper and online from Berghahn Journals since May 2011:

<http://journals.berghahnbooks.com/reco/>

*Regions and Cohesion* is a new, peer-reviewed, scholarly journal that focuses on topics related to human security, regional integration, and social cohesion. A scientific committee is responsible for the evaluation of the scientific and professional quality of submitted articles.

**Aims & Scope:** Due to the dramatic changes in global affairs related to regional integration, social/regional studies can no longer be limited to the analysis of economic competitiveness and political power in global geopolitics. *Regions & Cohesion* is a needed platform for academics, experts and practitioners alike to disseminate both empirical research and normative analysis of topics related to human and environmental security, social cohesion, and governance. It covers themes, such as the management of strategic resources, environment and society, social risk construction and marginalization, disasters and policy responses, violence, war and urban security, the quality of democracy, development, public health, immigration, human rights, organized crime, and cross-border human security.

Interdisciplinary in nature and multi-lingual in character (English, French, Spanish), the journal promotes the comparative examination of the human and environmental impacts of various aspects of regional integration across geographic areas, time periods, and policy arenas. In addition to scientific articles, *Regions & Cohesion* is proud to publish normative analyses from scholars and practitioners in its *Leadership Forum*.

### **Article and Book Review submissions:**

The Editorial Board welcomes original contributions (in English, Spanish or French) on the aforementioned topics. Authors should submit articles as word attachments by e-mail, formatted as Microsoft Word or Rich Text Format files, along with complete contact information to *Regions & Cohesion* by e-mail to: [RECO@journals.berghahnbooks.com](mailto:RECO@journals.berghahnbooks.com), including an abstract and a biographical sketch on a separate file. Articles should be 5,000-8,000 words (including notes and references), although longer and shorter articles may be considered. Reviews should be 800 words and Review Articles/Essays must usually have a minimum of three titles reviewed, and be 2,000 to 4,000 words in length. Longer reviews may be considered.

The *Regions and Cohesion* style guide is based on the Publication Manual of the American Psychological Association (APA Style), 6th edition, with occasional deviations based on the journal's preferences.
